

Swords and Sandals III. Swords and Sandals III. Published by Ubisoft. Available on Xbox 360, PS3 and PC. Your choice in swords. Swords and Sandals III is the third in the Swords and Sandals series, an action-adventure role-playing game. Follow four characters as they become heroes as they take part in a quest to free a forgotten friend. Anya is a 17-year-old girl who is the unofficial leader of her town, and is the youngest hero in the game. Aged at the beginning of the game, Anya is completely different from the last

two games. She has short hair, a rounder body and wears a military-looking uniform. She is also the only character to be openly heterosexual in the entire series. For the most part, however, Anya is more like the female version of Dravin who is the male protagonist of the previous two games. She is also one of the few, if not the only, female characters to be dressed entirely in leather. In Anya's Backstory, she says that she and her friends love to travel and seek adventure. She takes over from Kiryuu as the leader of the team, taking on his role as the hero who saves the day. Kiryuu, who was taken prisoner in the previous game,

is now the leader of the heroes, and the complete opposite of Anya. He wears a large beard and is constantly surrounded by a group of bards.

Dravin, who was imprisoned by the previous hero in the first game, now acts as the hero's sidekick. He often utters cheesy one-liners, such as when Kiryuu tried to remove the hero's beard in the last game. The fourth character, a heroic-looking woman, is the royal daughter of the king of the castle. She is only known by the name of "Betty," though the team assumes her name to be "Bebesta." She is also one of the few women in the game to wear a bikini. Betty makes her appearance

in a separate storyline that takes place before the first game, though it can be viewed after completing the game's main story. In the game, she provides information to the heroes about their friend in prison. The story takes place in a fantasy setting, and is somewhat similar to the first two games. The plot begins with a famous sword-wielding hero, named Clovis, not possessing the heart of a true hero. He is imprisoned by
