Jul 7, 2020 Is there any official Unigraphics NX 6 Full version for Mac OSX? or any crack of Unigraphics NX 5.0 is available for Mac? or any nx6.exe files available for Mac? A: I tried to install Unigraphics NX 6 on my machine that is running OS X 10.9.5. I did install the version 5 but i could not locate the.exe file which is required to run the software. I can only find a 32-bit version and from the reviews it is not compatible with Windows 10. Now, this program works fine with Windows XP, Vista, Windows 7 & 8. It does not work with Windows 8.1 and 10. I would suggest that you need to download the 32-bit version for your OS. But if you want to install the 64-bit version. You need to download the 32-bit version of the same software and install that. The below link might be helpful for you. 2d92ce491b
