
The Rishtey Movie Full Download Torrent

"Rishte" is a pathetic excuse for the film. The writing is so terrible. The plot is one of those old-fashioned nonsense about a stupid couple who broke up because. I understand that this is not a real story, it's all very far-fetched, but it seems to me that we pay too much attention to the "truth" in the cinema, and it is quite rarely true. I don't want you to waste your time trying to figure out why everything we see on TV is related to sex in one way or another. I think the whole point is that there is nothing new these days that is not related to sex. "From Dusk Till Dawn" and "Scream" were not so long ago, and "Scary Movie" even earlier.
