What's New In?

Adobe has released a completely new set of icons called CUBE for use in their Creative Suite 3 products. These icons are drop-ins for most applications including Photoshop, InDesign, Illustrator, Fireworks, Dreamweaver, Bridge and more. You can use this set of new icons in place of the old set that were provided in previous versions of the applications or when you are upgrading your old set to CS3. In this package you will find icons of various sizes. Some of them are variations of already existing icons, while others are completely new and unique. They all have matching transparent and binary.psd files. In the installation you will be able to find a number of fonts for use in your new icons and this will make them easier to use in applications such as Photoshop and Illustrator. If you have previously purchased the icon set, you will need to register your product key. This is a completely new icon set that is compatible with Creative Suite 3 and is for use by graphic designers, illustrators, web designers, photographers, programmers and anyone else who uses Adobe applications. All the icons are drop-ins and can easily be used in your applications without having to replace any files. Designed by designers and artists at CreativeSketch.com Exclusive set of new icons that are compatible with Creative Suite 3 and a variety of Creative Suite 2 and Creative Suite 1 applications.
