Anything Could Happen Will Walton Epub ((NEW))

Find out more about "Anything That Can Happen" at the Los Angeles County Library Digital Collection.n Book Title Details "Anything Can Happen" by Will Walton "All that we can be." Based on a true story, the book tells the story of a courageous 27-year-old American who overcame his fear of flying and completed an incredible solo flight. An experienced instructor was preparing for his flight, the second pilot was supposed to fly on the plane, but the flight turned into a nightmare. The cries of pain and fear kept him awake for two days. Although this story is described in the book with humor and sympathy for the hero and his actions, it is still the real story of one of the feats performed once by the Wright brothers and left unanswered. It is clear that in 2012 the book in many countries of the world received a rating of 12+ (for teenagers), as if hinting to the reader that this film may well be recommended for viewing. Also, director Cary Fukunaga managed to convey the spirit and atmosphere of the distant 30th year of the last century, in which the hero of the book lived. In addition, it is also a film adaptation of the novel for children by the famous Will Ferrell. I wonder what emotions the director had during the filming, I wonder if there will be another film adaptation of "Everything" The film "Anything" became available in our cinemas. And, as I expected, it is no worse. This is a really cool film about humanity and courage, it is much better than the previous "War Horse", "Lincoln" and so on. The film rightfully deserved the highest ratings from critics and viewers. For me, this is one of the best thrillers ever. This is what I consider one of the main advantages of the film, despite the fact that the history and life history of the hero of the novel have been changed. Very often I am asked why I make films in the thriller genre. It's just that I don't want to be sick of the so-called "action films", I don't perceive films where there is blood, murder, cruelty, etc. I don't want zombie films, I'm not against cowboys and Indians, but I want to see some drama, emotions, and, of course, action in my films. This is probably the main reason why I do not like the "masterpieces" of this genre. Yes, and
