Homepage - Download - Virtual week is the interface to create, view, edit, find, and synchronize PDF calendar files. The virtual week calendar is designed to be used in conjunction with any PDF calendar. There are two versions of the virtual week calendar: 1) 'classic view' to view PDF calendar files; 2) 'list view' to browse PDF calendar files. Unlike other PDF calendar viewers, virtual week does not require the reader/viewer to be Adobe Acrobat or Reader. It runs on all Windows PCs and all Macs. What's more, the virtual week calendar is also able to edit
