Tamilnadu PWD | Transport Deptt. | Portal.At least 29 killed, scores injured in Dhaka railway track blast DHAKA, Aug 6: At least 29 people were killed and scores others injured when an express train collided with the stationary train that hit a set of electrical wires on the Dhaka-Jessore railway track on Sunday morning, the Railway Minister said.A resident told reporters that they heard a loud noise about 4.30 a.m. today and saw a black-coloured train stopping in front of a red one. There was huge smoke and fire from the collision site and the red train was burnt to a core, he said. The Railway Minister Mohammad Shamsuddin was informed about the accident on mobile phone and rushed to the site. "The Rangamati-Gede express train travelling from Dhaka to Jessore hit the stationary Savar-Bagerhat express train at the Jessore station and both trains were set on fire. At least 29 people were killed and more than 100 were injured in the accident," said Shamsuddin who is the Chairman, Bangladesh Railway. The injured were taken to the Rangamati railway station for treatment and later to Dhaka Medical College Hospital, he added. The railways had already evacuated 1,750 people from the Amtali area where the accident occurred. They took lunch and water in a camp set up on the road and called several local people from the area to the camp for food, said Asaduzzaman Sharuddin, executive engineer at the Railway Hospital. "Four Army personnel, who were inside the hospital with the injured, were allowed to leave at 11.30 a.m. after the local people were moved out," he added. The minister announced compensation of Tk 5,000 for the next of kin of the dead and Tk 1 lakh for the injured. The entire Savar-Bagerhat route has been disrupted since the accident, said MHA Information Office Abdul Hakim.

A: There are far better ways to find duplicates of your data than a list comprehension - >>> np.unique(df['Number']) array([247, 249, 271, 242, 244, 273]) >>> np.setdiff1d(df['Number'].values, df['Number'].values) [244] >>> np.setxor1d(df['Number'].values, df['Number'].values) [249, 247, 243, 271, 243, 244] MotoGP returns to Phillip Island after a four-year absence for the third time in the last nine seasons, with the commercial rights holder and governing body in place to help bring the race and, hopefully, the crowds back to the island. The Australian track has not been a regular fixture in the premier-class championship since the mid-noughties, but a strategic approach by the FIM - along with the generous financial backing of Suzuki - has proved highly successful. It is the first time since 2008 - a distant memory - that MotoGP has returned to a track with a historic motorcycle speed record. The circuit retains a lot of the track features and exact design from the MotoGP era and adds a few new ones to make it feel a little bit like the old circuit. The layout will also include a few over-ambient corners to cater for the new engine rules that allow unrestricted use of engine maps. This means that the bike's inlet and exhaust system is open to the huge inlet area of the cylinder. Watch the Phillip Island MotoGP Live Stream on RaceFans for FREE! The 2017 race will be the first appearance in Australia since the Desmosedici GP17 was rolled out in time for pre-season testing. But despite the new rules, the bike is still going to be a handful. As MotoGP newcomer Chaz Davies and his Katusha team-mate Eugene Laverty explain, it is not quite as easy as just running it hard.
