Try this free software and get your doubts resolved right now. Cracked Emicsoft Blu-Ray Ripper With Keygen is an all-in-one solution for you to rip Blu-ray discs and apply basic editing effects within a single roof. Main features of Emicsoft Blu-ray Ripper: Import: You can easily import Blu-ray videos to the app's output format (VOB, AVI, MP4, WMV, MOV, MKV, RM, RMVB, VOB, RM, RMVB, MP3, 3GP, 2GP, ASF,

Emicsoft Blu-Ray Ripper is a streamlined piece of software designed to help you rip your Blu-ray discs to widely supported video formats. This way, you are able to enjoy their content using a broader variety of devices, including mobile-based ones. For example, the utility makes it possible for you to rip Blu-ray videos to files supported by iPods, iPhones, PSP, PS3, Xbox, Wii, BlackBerry and other types of mobile phones. Intuitive interface, but not striking to look at The main window of Emicsoft Blu-Ray Ripper does a good job at providing you with access to the app's main features. Its user interface is not top-notch, but keeps things as intuitive as possible. Despite this, some users might find its basic theme to be a bit over-the-top, due to its colors, while others might find the mix of buttons with various sizes and shapes a bit frustrating. Convert your Blu-ray discs and transfer files from your iPhone The program enables you to import DVD discs, folders or IFO files, and convert them to HD video and audio formats compatible with most digital players. A somewhat odd, but potentially useful feature is the fact that Emicsoft Blu-Ray Ripper makes it possible for you to transfer files from your iPhone to your computer and vice versa. If you want to take advantage of this feature, you need to first install iTunes on your computer. Packs basic video editing features In addition, the utility also allows you to trim and crop your videos, as well as capture frames. Furthermore, you can edit your videos and customize the levels of contrast, brightness and saturation. When editing, the built-in video player surely comes in handy, as it makes it possible for you to view the applied changes in real-time. Just your average Blu-ray ripper One more thing: we have discovered that the app does not work smoothly with the latest Windows operating systems, as it did not recognize and load some of our Blu-ray discs. Taking all things into consideration,

---

Emicsoft Blu-Ray Ripper is neither the best nor the worst app of this sort out there. The application comes in handy to users who need to quickly rip their Blu-ray discs and apply basic editing effects within a single roof. Show More... What's New Version 2.3.7: - Fixed several errors that users might have had b7e8fdf5c8
