## **Features Key:**

- **Vive.** This is real football. It's a change from the tried and tested that no other football game can deliver. We're back into game reality. The ball and player physics are all newly refined so you can feel more connected with the football.
- **Passing game.** Thinking about passing just got easier. We've taken gameplay to the next level. Get more out of passing, dribbling, shooting, and crossing.
- **Dynamic context response.** See the result of a great challenge after the action has taken place. Every challenge has a consequence. Enhanced passbacks show how and where you pressured the opponent.
- **Live the game.** Believing in the geeks makes the game experience more real.
- **Six goalscorer gameplay.** All stats and connectivity elements on the pitch are now featured in the match engine.
- **Tactics.** Plan and execute your next move. Lost and found plays connect and switch quickly. Simple and smart. You'll be ready to create tactics and playstyle changes with a couple clicks.
- **Design the game.** We've created the ultimate free to play game.
- **Realistic player animation.** Move your body and watch the player animate realistically. No more lag and unrealistic sprinting through walls.
- **Behaviour.** We are giving the players emotions. Expect fouls, fights, and a match that feels just as intense as it does real.
- **Player and Manager Career.** Live out your dreams as both a manager and a player in FIFA 22. Create the newest club in FIFA, design your kits, style your stadium, and choose whether to compete with the elite or rise up from the lower divisions as you manage your club to glory. Or test your skills as a player, with a more immersive Player Career mode that gives you more ways to progress, achieve, and immerse yourself in your Pro's journey through the game.
- **Huge new stadia.** These stadia are the most detailed and authentic stadiums in history, larger in size and detailed to the number one.
- **Tracking Dribbling.** Dribbling has been redone with more speed and accuracy. We've upgraded the physics so that you'll feel more connected on the ball

I know that FUT doesn't have a name yet, but will they keep the old one when it comes to PES2016? I mean the upgrade only comes with FUT and that's the only name they've used for the game. Gigs Yea, I just want to know, too. I really hope that they don't mess anything up and just keep the name. Even though I think they are going to use the old name for the game, they better make sure it works with the new PES 2016, I heard it's a rather big system. Find me on iOS here Sign

Q: bash script remove any string within double quotes I would like to write a bash script to remove all double quotes from a string within double quotes. I've tried various solutions such as `sed -e's/"([^\"]|\\")+"/g'` but this doesn't work. If the string is: "Hello" World" I would like to end up with: Hello World Any ideas? Thanks.

A: You could use a different approach. You don't have to resort to regex, you can use the

**FIFA is the best selling sports video game franchise and the cornerstone of Electronic Arts' sports franchise portfolio. The award-winning FIFA series - FIFA, FIFA 12 and FIFA 13 - has brought football to a completely new level since 1991. This year, FIFA returns to the pitch with FIFA 22, the latest version of the revered video game that players have voted FIFA Best Sports Game for the past nine years. FIFA 22 includes fundamental changes to the FIFA gameplay experience, such as Player Impact Engine, Kick Meter, Player Intelligence, Improved Ball Physics, New Players and Enhanced Skill Moments. Finally, this year marks the return of Create a Player, an in-depth customization tool allowing fans to take any player off the pitch and create their very own. With gameplay innovations and a ton of new content and features, this year's installment of FIFA is**

sure to be the best-selling football game of the year. **NEW FEATURES IN FIFA 22**

**Simultaneous Transfers and New Off-field Technology** The new off-field technology will assist a player as they negotiate with other teams when making a transfer decision. Players will be able to see at a glance how potential suitors are performing and their ratings compared to any other clubs. The new Transfer Center interface will also allow players to access the latest transfer news and rumours in the most efficient way, bringing fans closer to the action and providing an essential tool for managing an increasingly busy transfer window. **Off-Field Technology** brings fans closer to the players. With off-field technology players can choose to use a top team's players to draft, create or customize their own, or even buy and sell players for their own club from the offseason. Players will be able to find the optimum selection of quality players to take their team to the next level with the correct use of the all new Player Intelligence system. Players will be able to set realistic short-, mid- and long-term contracts. Players and clubs are able to set individual player ratings which affect player's wages and bonuses, as well as their ranking in their club's league table. Like real world football,
