Hardware The "standard" computer for these activities is a Windows PC. I suppose that Mac users could also use Apple's Final Cut Pro (discussed later in this chapter) or iMovie. It would be just as easy if you wanted to use Avid's Media Composer (also discussed later in this chapter) instead. A Windows PC (not a Mac or a Linux machine) is the best option for someone who works alone or the most capable option for someone who uses multiple computers in a team. A Windows PC is both a versatile and relatively inexpensive tool. However, it's the most cumbersome tool to use and is less efficient than its Mac equivalent, which I discuss in the next section.

Effects include the vignette, which blurs the outer parts of the image, the Polaroid Effect, which removes or adds colors from the edges of the image, and the Glow Effect, which softens the harsh appearance of outlines. A technique popular for adding life to a photograph or portraits is the Gaussian Blur, which blurs an area of an image. Photoshop's Pen tools can be used for drawing and painting, including outlines, pen styles, and creating and editing paths. If you're looking for a way to draw freehand in Photoshop, the Draw feature is a good tool to use. Photoshop comes with its own set of fonts, which include the standard Arial, Comic Sans, and Times New Roman. Custom Fonts are created from the font software available on your computer and Photoshop allows you to easily switch between fonts. Set the foreground and background colors Photoshop comes with a large assortment of colors. You can apply almost any color to any part of an image to add flair or style to it. To change the foreground and background colors, use the Brush tool, or the Canvas and Typography tools. Arrange layers Photoshop layers allow you to have more than one image on your screen at once. You can use these tools to add and edit them. Add the Adjustment Layers tool to your Toolbar Photoshop comes with a number of tools that are specific to different types of editing, or functions. For example, there is a tool that lets you change the brightness or contrast of the image, as well as one that will allow you to add a vignette or a blur to the edges of an image. The Adjustment Layers tool takes advantage of the Adjustment Panel, which is also available in the Quick Selection tool. You can right-click the Adjustment Panel to pull up the Layers panel and choose Add New Adjustment Layer to add your own to your image, or simply select an existing layer that is eligible for an adjustment and use the Adjustment Layer dialog box to apply one to the selected layer. Use the Quick Selection tool The Quick Selection tool can select a range of pixels or even an entire object. This tool is a good way to quickly edit a group of objects on a page or a selection of pixels on a photo. To use this tool, hold down the Control key, and select the area you want

The Marine Corps Women's Reserve's Top 100 2014 The Marine Corps Women's Reserve (MWR) calls its Top 100 list "an ode to the unyielding and unwavering women of the Marine Corps and the nation." But not all MWR members are in the public eye, including two Marines who served in Iraq and were awarded two Bronze Stars for valor, part of a large group of reservists who were honored at an event at Marine Corps Air Station Miramar in San Diego on May 5. A spokeswoman for the MWR, Maria King, said Marines are not chosen for this list, only reservists are. The top 20 are: So, who made the cut? King said the MWR has "truly phenomenal" membership, with over 31,000 reservists, who comprise about 7 percent of the Marine Corps Reserve. On the list, they include air traffic controllers and members of the Reserve Officer Training Corps, and as the MWR spokeswoman pointed out, "not all active-duty Marines don't make it on this list." Judged on "accomplishment and character," the list goes from the rank of Lieutenant to Captain. At the same event, Warrant Officer 2 Walter Roberts, a top logistics technician with 4th Supply Chain Fleet Logistics Squadron at MCAS Miramar, stood with colleagues and colleagues of the Army on the Army Military Intelligence Brigade's list of 101 Outstanding Soldiers. Roberts was awarded two Bronze Stars, one for a May 2006 deployment to Iraq, and another for a March 2009 deployment to Kuwait. The top 20 civilian list of Outstanding Civilians is made up of the war's 23 May "Black Heroes." They include the dead D.C. Metro Police officers murdered by a soldier who was on duty and a graduate student at the University of New Mexico, who died while searching for her missing best friend.Q: How can I set a list of strings to the value of a dictionary with dictionaries as values? I want to set a dictionary to a list of strings. I want the list of strings to be the same as the dictionary. Like dict1 = { "the key" : "the value" } and listofstrings = ["the key", "the value"]
