crack accent office password recovery 5 crack accent office password recovery 1 crack accent office password recovery 2 crack accent office password recovery 3 crack accent office password recovery 0 . So what is the issue? A: The error is a result of trying to call getBytes with a String that is empty. It produces an IndexOutOfBoundsException. If you remove the call to String.getBytes() the code works fine. I presume your intention was to read a byte from your String. If so you need to make sure the String is not empty before calling getBytes.
