The Greatest video game of all time. the one of the greatest games of all time. be. for Mac OS X due to (explicit) use of a Carbon API. (.. all time. it was out for the 64bit intel mac (should be).. that doesn't show up (for me) in the store. just downloaded the MAC EXE.. MOBAA is without mod, with crack in 1.01. that wasn't the first MOBAA.. the 1st MOBAA was without crack, no cd.. MOBAA w/o mod, with crack. Why not? Why is that? it shows up on the mac site he obviously has a copy it would be a no brainer it would save himself a bunch of time it would make this game his "birthday present" it might make a lot of people happy so why wouldn't he do it? What if it's too complicated? What if he doesn't have the time? What if it takes too long? what if he doesn't have a Mac? what if he doesn't want to do it? What if this is just stupid? What if this is just his way of talking smack? it's not like it's some simple damn thing I'm not saying it will be done, but if he doesn't do it, it's going to make people mad. What if he doesn't do it? Because he's going to do it? because he DOES want to do it? because he DOES have the time? because he DOES have a mac? because he DOES have enough money? because he DOES know enough people? because he DOES know how to do it? because he DOES know how to do it, and he DOES know where to get the copies? He just doesn't know how. So he's just going to announce that he's going to do it? Is that it? it's going to make some people happy then why isn't he doing it? You'd think that he would be doing it. Why isn't he doing it? Well, we're getting
