Easily switch between high-res and low-res objects and models.

Element Ultimate Bundle Full [3D Models] [All Packs] [Video Copilot]

Video Copilot is proud to offer "Element 3D V2" a powerful new version of our plugin that includes all the amazing features we originally created in Element 2! At over 60 Megabytes, Element 3D V2 contains hundreds of geometry and texture presets and includes DAE support! (many more are coming later this week!) Element 3D uses a new particle system (it's cleaner and easier than ever!) that allows designers to create 3D models with almost no limitations or cost! Just imagine the possibilities for your next project. Element 3D offers massive potential in the modeling industry. Try it and you'll be amazed! Our Element 3D Product is fully customizable and offers various tools in Photoshop and After Effects. All of the products that are being sold on the bundle and that are being offered here can be used both in Photoshop as well as After Effects. All of the videos are captured in HD. The price is a fraction of what you would pay for similar products on the market and the prices for the files are expected to drop even more after the sale ends. An honest communication is our number one priority with regards to the transactions, the differences of work etc. So we can make sure that you enjoy your products and that you are satisfied with our work. The videos and the included files such as the 3D models are included with any purchase.
